Pray for persecuted children!

Find these words in the grid. These are all things that children need to be strong, happy and healthy. Persecuted children have many of these things taken away from them. They are taken away by people who do not want them or their families to love and follow Jesus. You can read the words in 4 different directions:

family

friends

health

food

home

water

peace

hope

strength

safety

joy

love

Please pray for Christian refugee children from Syria and Iraq.

Thousands have had to run away from their homes. People wanted to hurt and kill them because they love and follow Jesus. Many have fled with their families to Lebanon. Christians in Lebanon are welcoming these children and families. However, there is not enough food, clothes, medicines and homes for everyone. Please pray that more money would be given to help these refugee children in Lebanon. Thank God for the Christians who are helping these children and families and bringing them hope and Jesus' love. Pray that there would be enough food, homes, clothes, medicines and schools for everyone.

Many refugees believe in Jesus now because God has healed their very sick children. Thank God for showing His great love, healing and power.

Thank God for the great faith of Christian children in Sri Lanka. They continue to trust God even though they and their families get bullied, beaten and kidnapped and even killed. Their churches are sometimes burnt down. Many children whose Dads are pastors cannot go to school because there is not enough money to pay for the equipment and fees. Ask God to protect them all and provide for their schooling. Ask God to stop Buddhist monks and others hurting Christians so they can worship Jesus in peace.

Pray that persecuted children will call out to Jesus and know how much He loves them. May they know He is always with them and will answer their prayers and look after them. He is a good, good Father!

Pray for 30 children in Eritrea. Their families have been sent to prison and they have nobody to look after them. Ask God to take care of them. Pray that kind people will notice them and look after them. Ask Jesus to pour His love into their hearts and into the hearts of people who care for them. Ask God to set free their families by His great power so they can be together again.

Children's summer camps in Egypt may be stopped because they are at risk from attack. Pray for the children's safety and for God's protection over church summer camps for children and youth around the world.
