

You can make a difference!

Pray for persecuted children!

Find the names of these countries in the grid. Christian children and families are hurt and even killed in these countries because they love and follow Jesus. You can read the words in 4 different directions:

Eritrea

Nigeria

China

North Korea

Sudan

India

Pakistan

Egypt

Myanmar

Kenya

Somalia

Sri Lanka

Colombia

Dear Jesus,

Thank You that we can love You and read the Bible without anybody hurting us. Thank You that we are free to talk about You and find out how much You love us. We don't have to hide our Bibles and our families don't get taken away when we pray and sing to You. Please be very near to all children who love You but are very scared in case they and their families get hurt or put in prison. Keep them safe and put Your all-powerful arms of love around them. Fill their hearts with Your happiness and peace and make them brave. Amen.

Pray for the children at Fafi Primary School in Kenya. They saw their teacher shot and killed by people who did not want him to believe in Jesus. Thank God for the teacher - Mr Elly Oloo Ojiema. Ask God to give the children and Elly's family great strength, peace and healing.

These are the flags of the countries we are praying for this month:

Kenya

India

China

Pakistan

Myanmar

Stick the page of flags (see below) on card then cut out each flag. Turn them face down and mix them up. Play a pairs game - when you pick up 2 cards that are the same, keep them. See if you can remember the names of the countries for the flags as you play. When you have finished, choose a flag and pray for the children of that country. Pray for each country during the week. Ask God to show His great love and protection to Christian children and their families in these countries.

Please pray for a 15-year-old boy named Akash Gundia. He was taken away by officials in Madhya Pradesh, India, as he was going to a Christian holiday camp. He was kept for a month before being set free to go back to his family. Please pray that he will know God's love, peace and protection. Pray, also, for a 17-year-old boy who was arrested at the same camp. Pray that God would work in His great power so that the boy can go home with the 5 other people arrested and be safe. Pray that he will know that God is with him every moment of the day and night.

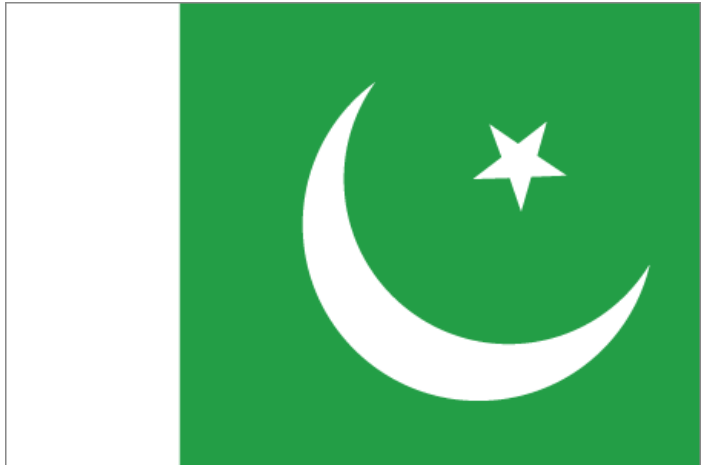

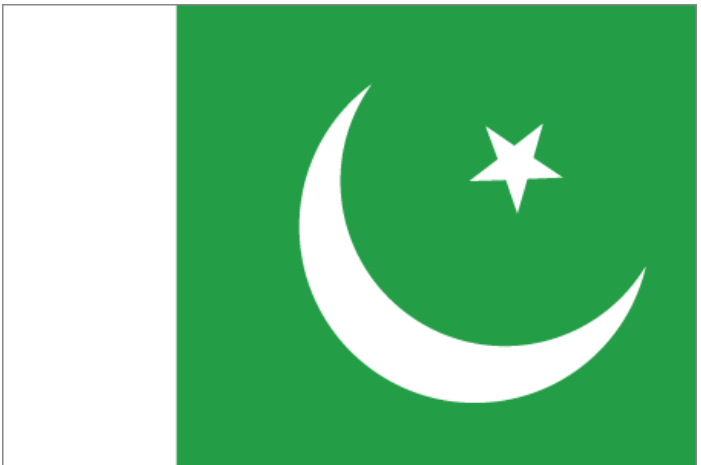

Ask God to protect the Christians in Myanmar who, like the Rohingya Muslims - whose properties have been destroyed and who have fled to Bangladesh - have also been attacked by the army. Pray that Christian children will know the protection of God and that Rohingya children will come to know the great love of Jesus for themselves.

Pray for the children of Yang Hua in China. He is a pastor and has been sent to prison where he is very sick. His children miss their Dad very much. Pray that God would heal their Dad by His almighty power. Pray also that the children would trust Jesus to look after their Dad and that he would be able to return home very soon.

Ask God to give special strength and courage to the children of Asia Bibi. Their Mum has been in prison for 7 years. The family are all in danger because they love Jesus. Ask God to keep them safe and to free Asia.

(See the next page)

Cut out the words of this Bible verse and put them in the right order:

God!	us."	him,
We	(Isaiah	and
rescued	our	trust
put	"He	25:9)
he	have	has
in	is	our

Say this Bible verse aloud. Ask God to help his children trust in Him. Ask God to pour His love and happiness into their hearts. Pray that they know He is with them all the time. Pray that they trust God with all their hearts and know that He will look after them and save them.
